Changes to Accounting Policies, Changes to Accounting Estimates, and Revision Restatements (Changes to Accounting Policies)

Following the adoption of revised standards, from the period under review, the Company has applied the "Accounting Standards for Business Combination" (Accounting Standards Board of Japan (ASBJ) Accounting Standards Statement No.21 dated September 13,2013; hereinafter the "Accounting Standards for Business Combination"), the "Accounting Standard for Consolidated Financial Statements" (ASBJ Statement No. 22 dated September 13,2013; hereinafter the "Consolidated Financial Statements Accounting Standards"), and the "Accounting Standards for Business Divestitures" (ASBJ Statement No. 7 dated September 13,2013; hereinafter the "Business Divestitures Accounting Standards"), As a result, the method of recording the amount of difference caused by changes in the Company's ownership interests in subsidiaries in the case of subsidiaries under ongoing control of the Company was changed to one in which it is recorded as capital surplus, and the method of recording acquisition-related costs was changed to one in which they are recognized as expenses for the fiscal year in which they are incurred. Furthermore, for business combinations carried out on or after the beginning of the period under review, the accounting method was changed to one in which the reviewed acquisition cost allocation resulting from the finalization of the provisional accounting treatment is reflected in the quarterly consolidated financial statements for the quarterly period to which the date of business combination belongs. In addition, the presentation method for "net income" and other related items was changed, and the presentation of "minority interests" was changed to "non-controlling interests." To reflect these changes, the Company has reclassified its quarterly and full-year consolidated financial statements for the first three months of the previous fiscal year and the previous fiscal year. The Accounting Standard for Business Combinations has been applied prospectively since the beginning of the period under review, according to the transitional handling prescribed in Article 58-2(4) of "Accounting Standard for Business Combinations", Article 44-5(4) of "Consolidated Financial Statements Accounting Standards", and Article 57-4(4) of "Accounting Standards for Business Combination".

These changes in accounting policies have minimal impact on profit and loss for the period under review.
